As a skilled React front-end developer with a passion for creating intuitive and visually stunning user interfaces, I am dedicated to delivering high-quality and performant code that meets the needs of both users and business. With a year of experience in developing web applications, I have a strong understanding of JavaScript, HTML, and CSS and am able to design and implement responsive, dynamic, and interactive user experiences.

## WORK EXPERIENCE

DataQ Health

May 2022 - Present  
Karachi

### REACT JS DEVELOPER

Development to EMR, QMR Product from scratch on NextJS and TypeScript.

Developing new user-facing features.

Building reusable components and front-end libraries for future use.

Translating designs and wireframes into high quality code.

Optimizing components for maximum performance across a vast array of web-capable devices and browsers.

Developing and implementing front-end architecture to support user interface concepts.

Monitoring and improving front-end performance.

Documenting application changes and developing updates.
